

|    | Used Tesla Checklist  | YES? | NO? |
|----|---|------|-----|
| 1. | Does the VIN number match the car?  |      |     |
| 2. | <p>Are you getting any warranty from the used Tesla?</p> <p>NOTE: It is also important to know what warrant you are getting. This is because if you do notice any issues with the used Tesla, you will be able to know if the warranty will take care of them or not.</p> <p>Also, check if it will expire soon before you are able to have everything fixed.</p> <p>You can find that on the Tesla app. Scroll to the bottom for specs and warranty. This will show you the active warranties and when it expires.</p> |      |     |
| 3. | <p>Does the battery have any damages, punctures, or dents?</p> <p>NOTE: If you do spot any of that, then that might be a sign that the car hasn't been well taken care of.</p>  |      |     |
| 4. | <p>Does the key card/key fob work?</p> <p>NOTE: If the key card doesn't work, then it might be the wrong key card.</p> <p>Additionally, this may end up being an extra cost to you. So, be sure to take note or use it to negotiate the price.</p>  |      |     |
|    | <b>Exterior Inspection Checklist</b>  |      |     |
| 5. | Is the car paint in good condition?   |      |     |
| 6. | <p>Do the windshield and glasses have any issues, such as cracks?</p> <p>If it does it will end up costing you extra.</p> <p><b>NOTE:</b> Also check from inside of the car so you do not miss any issues.</p>  |      |     |
| 7. | Do the tires have good tire tread depth?  |      |     |
| 8. | Do you see any misalignments at the doors, hood, and trunk?   |      |     |

|     |  |  |  |
|-----|--|--|--|
